Printing date 05/17/2020

Revision date 05/17/2020

#### Trade name: Isoconazole (nitrate)

· Precautionary statements	. from page 1)
Avoid release to the environment.	
Collect spillage. Dispose of contents/container in accordance with local/regional/national/international regulatio · Classification system: · NFPA ratings (scale 0 - 4)	ons.
Health = 1 Fire = 0 Reactivity = 0	
HMIS-ratings (scale 0 - 4)	
HEALTH1Health = 1FIRE0Fire = 0REACTIVITY0Reactivity = 0	
· Other hazards	

- Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- vPvB: Not applicable.

#### **3 Composition/information on ingredients**

- Chemical characterization: Substances
   CAS No. Description
- 24168-96-5 Isoconazole (nitrate)
- · Identification number(s)
- EC number: 246-051-4

## 4 First-aid measures

- Description of first aid measures
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Generally the product does not irritate the skin.
- After eye contact: Rinse opened eye for several minutes under running water.
- After swallowing: If symptoms persist consult doctor.
- Information for doctor:
- **Most important symptoms and effects, both acute and delayed** May cause anemia, cough, CNS depression, drowsiness, headache, heart damage, lassitude (weakness, exhaustion), liver damage, narcosis, reproductive effects, teratogenic effects.
- No further relevant information available. Indication of any immediate medical attention and special treatment needed
  - No further relevant information available.

#### **5 Fire-fighting measures**

- Extinguishing media
- Suitable extinguishing agents: Use fire fighting measures that suit the environment. A solid water stream may be inefficient.
- Special hazards arising from the substance or mixture No further relevant information available.

(Contd. on page 3)

Printing date 05/17/2020

Revision date 05/17/2020

#### Trade name: Isoconazole (nitrate)

- · Advice for firefighters
- Protective equipment: No special measures required.

#### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Not required.
   Environmental precautions: Inform respective authorities in case of seepage into water course or sewage system.
- Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Pick up mechanically.
- Reference to other sections
   See Section 7 for information on safe handling.
   See Section 8 for information on personal protection equipment.
   See Section 13 for disposal information.
- Protective Action Criteria for Chemicals
- PAC-1: Substance is not listed.
- PAC-2: Substance is not listed.
- PAC-3: Substance is not listed.

#### 7 Handling and storage

- · Handling:
- Precautions for safe handling
   No special precautions are necessary if used correctly.
   Avoid breathing dust/fume/gas/mist/vapours/spray.

   Avoid prolonged or repeated exposure.
   Keep away from sources of ignition.
   Take precautionary measures against static discharge.re.
   Information about protection against explosions and fires: No special measures required.
- Conditions for safe storage, including any incompatibilities Keep container tightly closed. Store in accordance with information listed on the product insert.
- Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions: None.
- Specific end use(s) No further relevant information available.

#### 8 Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see item 7.
- · Control parameters
- · Components with limit values that require monitoring at the workplace:

The following constituent is the only constituent of the product which has a PEL, TLV or other recommended exposure limit.

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit.

At this time, the remaining constituent has no known exposure limits.

At this time, the other constituents have no known exposure limits.

• Additional information: The lists that were valid during the creation were used as basis.

(Contd. on page 4)

(Contd. from page 2)

Printing date 05/17/2020

Revision date 05/17/2020

#### Trade name: Isoconazole (nitrate)

(Contd. from page 3)

- · Exposure controls
- Personal protective equipment:
- · General protective and hygienic measures: Wash hands before breaks and at the end of work.
- · Breathing equipment: Not required.
- Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

• Material of gloves

Relative density

· Evaporation rate

· Vapor density

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

• Eye protection: Not required.

9 Physical and chemical prope	erties
Information on basic physical and	chemical properties
· General Information	
· Appearance: Form:	Solid
Color:	Not determined.
· Odor:	Characteristic
· Structural Formula	C18H14Cl4N2O • HNO3
Molecular Weight	479.1 g/mol
Odor threshold:	Not determined.
· pH-value:	Not applicable.
· Change in condition	
Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	Undetermined.
· Flash point:	Not applicable.
· Flammability (solid, gaseous):	Product is not flammable.
· Decomposition temperature:	Not determined.
· Auto igniting:	Not determined.
<sup>.</sup> Danger of explosion:	Product does not present an explosion hazard.
· Explosion limits:	
Lower:	Not determined.
Upper:	Not determined.
· Vapor pressure:	Not applicable.
· Density:	Not determined.

Not determined.

Not applicable.

Not applicable.

(Contd. on page 5)

us

Printing date 05/17/2020

Revision date 05/17/2020

Trade name: Isoconazole (nitrate)

	(Contd. from page 4	
<ul> <li>Solubility in / Miscibility with Water:</li> </ul>	Not determined.	
· Partition coefficient (n-octanol/	Partition coefficient (n-octanol/water): Not determined.	
· Viscosity:		
Dynamic:	Not applicable.	
Kinematic:	Not applicable.	
SOLUBILITY	~0.2 mg/ml in a 1:4 solution of DMF:PBS (pH 7.2); ~10 mg/ml in DMSO & DMF	
· Other information	No further relevant information available.	

#### **10 Stability and reactivity**

· Reactivity No further relevant information available.

- · Chemical stability
- **Thermal decomposition / conditions to be avoided:** No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid No further relevant information available.
- · Incompatible materials: strong oxidizing agents
- · Hazardous decomposition products: carbon oxides, hydrogen chloride, nitrogen oxides

## **11 Toxicological information**

- · RTECS Number NI4772000
- · Information on toxicological effects
- Acute toxicity:

#### · LD/LC50 values that are relevant for classification:

Oral	LD50	2,000 mg/kg (mouse)
		5,600 mg/kg (rat)
	Intraperitoneal LD50	560 mg/kg (mouse)
		720 mg/kg (rat)
	Subcutaneous LD50	>10,000 mg/kg (mouse)
		>10,000 mg/kg (rat)

#### Primary irritant effect:

• on the skin: No irritant effect.

- · on the eye: No irritating effect.
- Sensitization: No sensitizing effects known.
- Additional toxicological information:
- · Carcinogenic categories
- · IARC (International Agency for Research on Cancer) Substance is not listed.
- NTP (National Toxicology Program) Substance is not listed.
- · OSHA-Ca (Occupational Safety & Health Administration) Substance is not listed.

(Contd. on page 6)

115

Printing date 05/17/2020

Revision date 05/17/2020

#### Trade name: Isoconazole (nitrate)

(Contd. from page 5)

### **12 Ecological information**

- · Toxicity
- Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- Behavior in environmental systems:
- · **Bioaccumulative potential** No further relevant information available.
- Mobility in soil No further relevant information available.
- Ecotoxical effects:
- **Remark:** Very toxic for fish
- · Additional ecological information:
- · General notes:

Water hazard class 2 (Self-assessment): hazardous for water Do not allow product to reach ground water, water course or sewage system. Danger to drinking water if even small quantities leak into the ground. Also poisonous for fish and plankton in water bodies. Very toxic for aquatic organisms

- · Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- **vPvB:** Not applicable.
- · Other adverse effects No further relevant information available.

#### **13 Disposal considerations**

· Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- **Recommendation:** Disposal must be made according to official regulations.

UN-Number	
DOT, IMDG, IATA	not regulated
UN proper shipping name	
DOT, IMDG, IATA	not regulated
Transport hazard class(es)	
DOT, ADN, IMDG, IATA	
Class	not regulated
Packing group	
DOT, IMDG, IATA	not regulated
Environmental hazards:	Environmentally hazardous substance, solid
Special precautions for user	Not applicable.
Transport in bulk according to Annex	( II of
MARPOL73/78 and the IBC Code	Not applicable.

Printing date 05/17/2020

Revision date 05/17/2020

Trade name: Isoconazole (nitrate)

(Contd. from page 6)

· UN "Model Regulation":

not regulated

#### **15 Regulatory information**

 $^{\rm \cdot}$  Safety, health and environmental regulations/legislation specific for the substance or mixture  $^{\rm \cdot}$  Sara

- Section 355 (extremely hazardous substances): Substance is not listed.
- Section 313 (Specific toxic chemical listings): Substance is not listed.
- TSCA (Toxic Substances Control Act): Substance is not listed.
- · Hazardous Air Pollutants Substance is not listed.
- · Proposition 65
- Chemicals known to cause cancer: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for females: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for males: Substance is not listed.
- · Chemicals known to cause developmental toxicity: Substance is not listed.
- · Carcinogenic categories
- · EPA (Environmental Protection Agency) Substance is not listed.
- TLV (Threshold Limit Value established by ACGIH) Substance is not listed.
- NIOSH-Ca (National Institute for Occupational Safety and Health) Substance is not listed.
- · GHS label elements
- The substance is classified and labeled according to the Globally Harmonized System (GHS). Hazard pictograms

· Signal word Warning

• **Hazard statements** Very toxic to aquatic life. Very toxic to aquatic life with long lasting effects.

• **Precautionary statements** Avoid release to the environment. Collect spillage.

Dispose of contents/container in accordance with local/regional/national/international regulations.

Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

#### **16 Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

- · Department issuing SDS: Environment protection department.
- · Contact: -
- · Date of preparation / last revision 05/17/2020 / -
- Abbreviations and acronyms:

IMDG: International Maritime Code for Dangerous Goods

- DOT: US Department of Transportation IATA: International Air Transport Association
- ACGIH: American Conference of Governmental Industrial Hygienists

EINECS: European Inventory of Existing Commercial Chemical Substances
