

# CERTIFICATE OF ORIGIN

ELAREM™ Perform-FD PLUS

**Product Line** ELAREM™ Perform-FD PLUS

<b>Order Numbers (REF code)</b>	PE30611	PE30621
	PE30811	PE30821
	PE31011	PE31021

**Tariff Code:** 38210000

**Country of Manufacture:** This product is manufactured in the EU.

**Country of Origin of Raw Material:** This product is obtained from human platelet units collected from healthy donors at licensed centres in the EU and pooled in large batch sizes to produce a consistent product for cell culture. The licensed centres are responsible for qualifying blood donors according to current European regulations for donor eligibility criteria.

**Manufacturing Process Information:** The manufacturing process includes multiple freeze-thaw and centrifugation steps to extract growth factors and remove debris. **ELAREM™ Perform-FD PLUS** is a **fibrinogen-depleted Human Platelet Lysate** and classified as xeno-free, i.e. will not contain or use any raw material derived from bovine or other animal tissue in the manufacturing process.

This Certificate of Origin is valid for all LOT from these order numbers/REF codes.
