

PRODUCT INFORMATION

D-Glucosamine-6-phosphate (hydrate)

Item No. 30869

Formal Name: 2-amino-2-deoxy-D-glucose
6-(dihydrogen phosphate), hydrate
Synonym: D-GlcN-6-P
MF: $C_6H_{14}NO_8P \cdot XH_2O$
FW: 259.2
Purity: $\geq 95\%$
Supplied as: A solid
Storage: $-20^\circ C$
Stability: ≥ 2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

D-Glucosamine-6-phosphate (hydrate) is supplied as a solid. Aqueous solutions of D-glucosamine-6-phosphate (hydrate) can be prepared by directly dissolving the solid in aqueous buffers. The solubility of D-glucosamine-6-phosphate (hydrate) in PBS, pH 7.2, is approximately 10 mg/ml. We do not recommend storing the aqueous solution for more than one day.

Description

D-Glucosamine-6-phosphate (D-GlcN-6-P) is a monosaccharide intermediate of the hexosamine biosynthetic pathway.¹ It is formed from D-fructose-6-phosphate by glucosamine-6-phosphate synthase (GlmS) in the presence of glutamine or from D-glucosamine (Item No. 27055) by N-acetyl-D-glucosamine (GlcNAc) kinase.^{2,3,4} D-GlcN-6-P binds the GlmS riboswitch ($K_i = 380 \mu M$), a ribozyme located in the 5'-UTR of the gene encoding GlmS that, when bound by D-GlcN-6-P, inhibits GlmS production and decreases D-GlcN-6-P levels.^{2,5} It is a precursor in the biosynthesis of uridine diphosphate-N-acetylglucosamine (UDP-GlcNAc), a substrate for protein glycosylation and a component of bacterial cell walls.^{4,6}

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
