

**Revision number:** 1 Revision date: 07/06/2018

### 1. IDENTIFICATION

Product name:

Product code:

Product use: **Restrictions on use:** 

Company:

cis-Decahydronaphthalene D0009

For laboratory research purposes. Not for drug or household use.

TCI America 9211 N. Harborgate Street Portland, OR 97203 U.S.A. Telephone: +1-800-423-8616 / +1-503-283-1681 Fax: +1-888-520-1075 / +1-503-283-1987 e-mail: sales-US@TCIchemicals.com www.TCIchemicals.com

### 2. HAZARD(S) IDENTIFICATION

OSHA Haz Com: CFR 1910.1200: WHMIS 2015:	Acute Toxicity - Inhalation [Category 3] Eye Damage/Irritation [Category 1] Specific Target Organ Toxicity (Single Exposure) [Category 2] Aspiration Hazard [Category 1] Flammable Liquids [Category 3] Aquatic Hazard (Acute) [Category 1] Aquatic Hazard (Long-Term) [Category 1] Skin Corrosion/Irritation [Category 1C]
Signal word:	Danger!
Hazard Statement(s):	Flammable liquid and vapor Toxic if inhaled Causes severe skin burns and eye damage May be fatal if swallowed and enters airways Very toxic to aquatic life Very toxic to aquatic life with long lasting effects May cause damage to organs: Central Nervous System

spillage.

Precautionary Statement(s): [Prevention]

[Response]

[Storage] [Disposal] TCI AMERICA SAFETY DATA SHEET

Emergency telephone number:

Chemical Emergencies: TCI America (8:00am - 5:00pm) PST +1-503-286-7624 Transportation Emergencies: Chemtrec 24-Hour +1-800-424-9300 (U.S.A.) +1-703-527-3887 (International) **Responsible department:** TCI America Environmental Health Safety and Security +1-503-286-7624

### Store in a well-ventilated place. Keep container tightly closed. Store locked up.

thoroughly after handling. Wear protective gloves, protective clothing, face protection.

Dispose of contents and container in accordance with local, regional, national regulations (e.g. US: 40

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Keep container tightly

closed. Ground and bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe mist, vapors or spray. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Do not eat, drink or smoke when using this product. Wash hands and face

If swallowed: Rinse mouth. Do NOT induce vomiting. Immediately call a poison center or doctor. If on

skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Immediately call a poison center or doctor. Wash contaminated clothing before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. If exposed or concerned: Call a poison center or doctor. In case of fire: Use dry chemical, dry sand or foam to extinguish. Collect

### **TCI AMERICA**

May be harmful if swallowed.

CFR Part 261, EU:91/156/EEC, JP: Waste Disposal and Cleaning Act, etc.).

#### Hazards not otherwise classified: [HNOC]

#### 3 COMPOSITION/INFORMATION ON INGREDIENTS

3. COMPOSITION/INFORMATION	NON INGREDIENTS
Substance/mixture:	Substance
Components:	cis-Decahydronaphthalene
Percent:	>98.0%(GC)
CAS RN:	493-01-6
Molecular Weight:	138.25
Chemical Formula:	C10H18
4. FIRST-AID MEASURES	
Description of first aid measures	
Inhalation:	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.
Skin contact:	Remove/Take off immediately all contaminated clothing. Gently wash with plenty of soap and water. Immediately call a POISON CENTER or doctor/physician.
Eye contact:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.Immediately call a POISON CENTER or doctor/physician.
Ingestion:	Immediately call a POISON CENTER or doctor/physician. Rinse mouth. Do NOT induce vomiting.
Symptoms/effects:	
Acute:	Cough. Pain. Redness.
Delayed:	No data available
Indication of any immediate medical Not available. Notes to physician:	attention:
No data available	
5. FIRE-FIGHTING MEASURES	
Suitable extinguishing media:	Dry chemical, foam, carbon dioxide.
Unsuitable extinguishing media:	Water (It may scatter and spread fire.)

Hazardous combustion products:	These products include: Carbon oxides
Other specific hazards:	Closed containers may explode from heat of a fire.
Advice for firefighters:	Wear self-contained breathing apparatus if possible.

## 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective<br/>equipment and emergency procedures:Use extra personal protective equipment (self-contained breathing apparatus). Keep people away from<br/>and upwind of spill/leak. Ensure adequate ventilation. Entry to non-involved personnel should be<br/>controlled around the leakage area by roping off, etc.Environmental precautions:<br/>Methods and materials for containment<br/>and cleaning up:Use extra personal protective equipment (self-contained breathing apparatus). Keep people away from<br/>and upwind of spill/leak. Ensure adequate ventilation. Entry to non-involved personnel should be<br/>controlled around the leakage area by roping off, etc.<br/>Be careful not to let it flow into rivers, etc., since adverse effects on the environment are concerned.<br/>Absorb spilled material in dry sand or inert absorbent before recovering it into an airtight container. In<br/>case of large amount of spillage, contain a spill by bunding. Adhered or collected material should be<br/>promptly disposed of, in accordance with appropriate laws and regulations.<br/>Remove all sources of ignition. Fire-extinguishing devices should be prepared in case of a fire. Use<br/>spark-proof tools and explosion-proof equipment.

Precautions for safe handling:	Handling is performed in a well ventilated place. Wear suitable protective equipment. Prevent generation of vapour or mist. Keep away from heat/sparks/open flame/hot surfacesNo smoking. Take measures to prevent the build up of electrostatic charge. Use explosion-proof equipment. Wash hands and face thoroughly after handling.
	Use a closed system if possible. Use a ventilation, local exhaust if vapour or aerosol will be generated. Avoid contact with skin, eves and clothing.
	Confirm in advance if peroxides exist when operations involving heating such as distillation are carried out.
Conditions for safe storage, includi	ng any incompatibilities
Storage conditions:	Keep container tightly closed. Store in a cool, dark and well-ventilated place. Store locked up.
Packaging material:	Store away from incompatible materials such as oxidizing agents. Comply with laws.

Appropriate engineering controls:	Follow safe industrial engineering/laboratory practices when handling any chemical. Install a closed system or local exhaust. Also install safety shower and eye bath.
Personal protective equipment	
Respiratory protection:	Half or full facepiece respirator, self-contained breathing apparatus(SCBA), supplied air respirator, etc. Use respirators approved under appropriate government standards and follow local and national regulations.
Hand protection:	Impervious gloves.
Eye protection:	Safety goggles. A face-shield, if the situation requires.
Skin and body protection:	Impervious protective clothing. Protective boots, if the situation requires.

# 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state (20°C): Form: Colour: Odour: Odor threshold: Odour threshold:	Liquid Clear Colorless - Almost colorless No data available No data available No data available	5	
Melting point/freezing point: Boiling point/range: Decomposition temperature: Relative density: Kinematic viscosity: Log Pow:	No data available 193°C (379°F) No data available 0.90 No data available No data available	pH: Vapour pressure: Vapour density: Dynamic Viscosity: Evaporation rate(Butyl Acetate=1):	No data available No data available. No data available No data available No data available
Flash point: Flammability(solid, gas):	58°C (136°F) No data available	Autoignition temperature: Flammability or explosive limits: Lower: Upper:	250°C (482°F) 0.7% 4.9%
Solubility(ies): [Water] [Other solvents]	No data available No data available		

# **10. STABILITY AND REACTIVITY**

Reactivity: Chemical stability: Possibility of hazardous reactions: Conditions to avoid: Incompatible materials: Hazardous decomposition products: No data available May form explosive peroxides. No special reactivity has been reported. Spark, Open flame, Static discharge, Air Oxidizing agents Carbon dioxide, Carbon monoxide

# 11. TOXICOLOGICAL INFORMATION

Acute Toxicity: No data available			
Skin corrosion/irritation: No data available			
Serious eye damage/irritation: No data available			
Respiratory or skin sensitization: No data available			
Germ cell mutagenicity: No data available			
<b>Carcinogenicity:</b> No data available

12. ECOLOGICAL INFORMATION	1		
Ecotoxicity:			
Fish:	No data available		
Crustacea:	No data available		
Algae:	No data available		
Persistence / degradability: Bioaccumulative potential(BCF): Mobility in soil	5 % (by GC) 839 - 2380 (conc. 2.1 ug/L) , 1290 - 2400 (conc.	. 0.21 ug/L)	
Log Pow:	No data available		
Soil adsorption (Koc):	No data available		
Henry's Law (PaM <sup>3</sup> /mol):	No data available		
13. DISPOSAL CONSIDERATION	S		
Disposal of product:	Recycle to process if possible. It is the generato	or's responsibility to	comply with Federal, State and
	Local rules and regulations. You may be able to and burn in a chemical incinerator equipped with intended to provide againtance but does not real	dissolve or mix ma h an afterburner an	aterial with a combustible solvent ad scrubber system. This section is

Disposal of container: Other considerations: Recycle to process if possible. It is the generator's responsibility to comply with Federal, State and Local rules and regulations. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. This section is intended to provide assistance but does not replace these laws, nor does compliance in accordance with this section ensure regulatory compliance according to the law. US EPA guidelines for Identification and Listing of Hazardous Waste are listed in 40 CFR Parts 261. The product should not be allowed to enter the environment, drains, water ways, or the soil. Dispose of as unused product. Do not re-use empty containers. Observe all federal, state and local regulations when disposing of the substance.

# 16. OTHER INFORMATION

### Revision date: 07/06/2018

### Revision number: 1

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
